

With a cast made up of names like Jason Momoa, Amber Heard, and Willem Dafoe, Aquaman was already looking pretty cool, but the addition of Patrick Wilson just made it seriously awesome. Playing the half-brother of Arthur Curry, the Fargo star's role in the movie promises to be very interesting indeed, especially as Ocean Master has been both an ally and enemy to Aquaman in the DC Universe. We're probably going to have to wait a long time for an official reveal, but let us know your thoughts below.
