

Early last month, an international trailer for Fox's Matthew Vaughn-directed X-Men: First Class film appeared, and changed the X-Men fans' opinion on the much-skeptic prequel. The only downside: It was in Russian. And now today, an English version of the trailer is now available, with Japanese subtitles. If having any viewing difficulties, head over to the original player. Get your own valid XHTML YouTube embed code. Look for X-Men: First Class in theaters June 17, in a few months away!
