

The director posted two new messages on the official fansite of Guillermo Del Toro. The first one was dispel the notion that his new film would gunning for a PG rating. This came out in a recent FEARnet interview with co-screenwriter Patrick Melton, but Guillermo simply wrote, "PG-13. Not PG." That is extremely good news, we certainly don't want a kiddie's film when were talking del Toro and giant monsters. Unleash the beasts! While the other news is that Guillermo has found the composer that he believes his the perfect fit for his movie. Ramin Djawadi has worked on Clash of the Titans, Iron Man, and most recently Game of Thrones "After many months we have finally closed the scoring with Ramin Djawadi- whose scores for Game of Thrones,, Prison Break and Iron Man are amongst my favorites in the last few years."

Pacific Rim is scheduled for release on July 12, 2013.
