I found the following concept art months ago and have not posted it up until now because it would have been pure speculation that Bane would even appear in the The Dark Knight Rises. Now that Tom Hardy has been confirmed to be portraying Bane in the film, it becomes a distinct possibility that this could be the concept art Christopher Nolan has chosen to bring the character to life on film. These images were posted on CONCEPTART.org back in Oct. by Humza Khan and he had this to say concerning the images over the course of three separate posts. These are some concepts that I have done to get onto the Christopher Nolan Dark Knight sequel / Batman 3 team. I posted these to promote myself because I am still trying to get on to the project. These are posted here to help get as much exposure as possible and to help get
