

The captions read... The Storm... is coming... to GOTHAM! UPDATE: Hey CBMer's, Galactus here. I just wanted to pipe in and give you guys a little more information on how we came by this trailer. And yes, it was sent to us first and "others" picked it up without giving us credit. Here's the poop. Last night an Italian CBMer (from the country of Italy) emailed us saying that he had seen Green Lantern (in Italy) and this trailer was in the previews. And, that his buddy was going that night and he would try to capture it and post it. This they did, as you can see. While we have no way of knowing for sure if it is totally legit, the production quality as well as the clear audience reaction to it made us feel that it was something you'd want to see--AND JUDGE FOR YOURSELF BY USING THE CONFIRM
