

"You break buildings good...but Hulk breaks worlds." The guys at Check out the latest Screw Attack! are back with another Death Battle which pits Marvel's Hulk against DC's Doomsday. After controversial finishes to Ken (Street Fighter) vs Terry (King of Fighters) and Green Arrow vs Hawkeye, will a bout to the death between Marvel's strongest hero and DC's unstoppable killing machine fare more to the liking of comic book critics? As per usual, Screw Attack! breaks down each fighter's strengths and weakness and individual comic book feats before getting to the actual fight. However, if you just want to watch the battle, skip to the 12:58 mark in the video below.
