MTV News recently spoke to James McAvoy about taking over the role of Charles Xavier from Sir Patrick Stewart. Movie Trailers - Movies Blog On having met Patrick Stewart before: "Once I was very lucky to receive an award and he handed it to me... Which was nice because not only am I playing the young version of him in 'X-Men,' I'm just a fan of his from 'Star Trek' and David Lynch's 'Dune' ... and lots of things." On his impressions of Stewart (see the video above!): "I love doing Patrick Stewart... It's all I can do not to do an impression of him while I'm making the movie as well." On whether Stewart's performance influenced his own portrayal: "It did inform what I'm doing, in the way that we're doing a lot of the opposite. So that by the time the movie ends or a sequel might end or whatever, you find
