

Following last week's new synopsis, USA Today has unveiled a brand new image from Pirates of the Caribbean: Dead Men Tell No Tales, spotlighting Javier Bardem's menacing Captain Salazar aboard his decrepit ship. The publication reveals that the film will flash back to Johnny Depp's Captain Jack Sparrow as a teenager, which is where he will first encounter Salazar. Once the dreaded ghost pirate escapes the Devil's Triangle in the present day, Sparrow will be searching for the Trident of Poseidon, which has the power to cure all curses. Also mentioned is the return of Orlando Bloom's Will Turner, who will also be searching for the Trident in order to rid his father, "Bootstrap Bill" (Stellen Skarsgard) , of the curse of Davy Jones. Pirates of the Caribbean: Dead Men Tell No Tales arrives in theatres on May 26, 2017. Johnny Depp returns to the big screen as the iconic, swashbuckling anti-hero Jack Sparrow in the all-new "Pirates of the Caribbean: Dead Men Tell No Tales."
