

As a part of the site's Summer Movie Preview Week, which collects numerous images from various summer movies of the year (you can check out the complete collection here), MTV News has revealed a new image from The Bourne Legacy, which features Jeremy Renner's Aaron Cross and Edward Norton's "Byer", seemingly ready to pick a quarrel. With a thanks to Latino Review for the heads-up, check out the image right below... What do you think of this? As usual, share your thoughts on the space provided below. The Bourne Legacy takes place after the conclusion of The Bourne Ultimatum, as a new cast of characters grapple with the consequences of Jason Bourne's actions. Under the direction of Tony Gilroy, and starring Jeremy Renner as Aaron Cross, Rachel Weisz as Stephanie Snyder, Edward Norton as Byer, and David Strathairn as Noah Vosen, the movie is set to be released on August 3, later this
