

The Daily Mail has debuted some new snaps from the set of Marvel and Netflix's The Defenders, and while they're not terribly exciting, they do give us a first look at the returning Trish Walker. It was recently announced that Aussie actress Rachael Taylor would reprise the role (along with pretty much every other supporting cast member across all of the Netflix shows), and here we see "Patsy" stepping out for coffee with Jessica Jones, who really could do with a new outfit at this stage. Krysten Ritter has featured in all of the set pics we've so far, so it shouldn't be long before we catch a glimpse of some of her super-powered team-mates.
