

Thanks to Collider, we have the following updates for Super 8 director J.J. Abrams on both Star Trek and Mission Impossible: Ghost Protocol. Below are just a few excerpts from their interview, so be sure to click on the link below to head on over to the site to read it in its entirety. On How Works Is Coming Along On Star Trek 2: There have been a lot of things that we've been working on, a lot of important elements that we just know we need to really nail down and solve. Once you say, "We're ready to go, but we don't have a finished script yet," or "I'm directing the thing and here's the release date, but we don't have a finished script," what starts to happen – and I've seen this happen with a lot of friends of mine – is that you're suddenly in production on a movie that
