

After Stan "The Man" Lee prematurely revealed his cameo in 2012's The Amazing Spider-Man and recent spoiler filled opinions on the movie focusing more on the after-credits teaser for The Avengers, it seemed as if the legendary comic book creators appearance in Captain America: The First Avenger might just stay a secret. Until now that it. Detailing what it was like to have Lee on the set, director Joe Johnston lets slips some specifics, as well as some new info on the present day bookends. Many thanks to Comic Book Resources for the following excerpts. Be sure to head on over to the site to hear even more revealing details from the Captain America: The First Avenger director. Captain America," while a standalone period movie, has the dual task of paving the way for the "Avengers" movie, directed and written by Joss Whedon and due in theaters in 2012. Despite this, Johnston
