The imprint was launched in 2000 with the publication of the series Ultimate Spider-Man and Ultimate X-Men. The characters have new origins, freeing them from the sometimes convoluted back-histories of the original versions. The universe has been designated as "Earth-1610"[1] within the Marvel Multiverse, which comprises an infinite number of alternate universes. The Ultimate imprint as a whole was intended to attract and serve new readers beyond the existing Marvel fan base, although long-time fans have generally embraced the line.
