

This is Stanton's first live action movie (or "hybrid" since there are LOTS of cgi characters). Best known for his direction of Finding Nemo and WALL-E he certainly brought that Pixar experience with him for JOHN CARTER. In coming interviews we will discuss that aspect, but for now, enjoy part one... Stay tuned to ComicBookMovie.com for more of our interviews with the stars and creatives of John Carter! From Academy Award®-winning filmmaker Andrew Stanton comes "John Carter"—a sweeping action-adventure set on the mysterious and exotic planet of Barsoom (Mars). "John Carter" is based on a classic novel by Edgar Rice Burroughs, whose highly imaginative adventures served as inspiration for many filmmakers, both past and present. The film tells the story of war-weary, former military captain John Carter (Taylor Kitsch), who is inexplicably transported to Mars where he becomes reluctantly embroiled in a conflict of epic proportions amongst the inhabitants of the planet,
