

Interview conducted by Collider. Lynn Collins at D23 - Talks about D23 -:28_Talks about her reaction to first seeing the teaser trailer -1:14_Talks about how she got the role. - 2:05_How her character changed during reshoots. Talks about how they were trying to see how masculine could they make Dejah. How much could they make her a warrior without it coming off as too much. The reshoots was where they took the time to show her compassionate side and to "take out some of the punches. There were a lot of punches." -3:00_Ten Year talk The film is being distributed by Walt Disney Pictures and will be released in the United States on March 9, 2012. John Carter is a 2012 American science fiction action adventure film featuring John Carter, the heroic protagonist of Edgar Rice Burroughs' 11-volume Barsoom series. In the film, former Confederate captain John Carter (Taylor Kitsch) is transported to Mars. There he
