This is an excerpt from Entertainment Weekly: These days, Depp says he would be happy to play Captain Jack again, and that there have already been discussions about a fifth movie. "As long as we can put all the puzzle pieces together, I would most definitely consider it," he says. Also, here is their new cover image featuring Cap'n Jack himself! "Pirates of the Caribbean: On Stranger Tides" sails into 3D, 2D and IMAX 3D theaters on May 20th!
