

So far, all we know about Joseph Gordon-Levitt's character in The Dark Knight Rises is that he's a police officer, with any additional details we know of having come from what we've spotted in the various set photos and videos. (all of which have only served to make him all the more mysterious) So, when USA Today caught up with him in Toronto recently, what could he reveal about his role in the movie? ""Nothing," he said. Oh. Thankfully, he did go on to describe Christopher Nolan's style of directing and storytelling, praising him and promising fans that all they need to do is have faith in him to deliver an amazing movie. "I can tell you that one of the things I admire most about Mr. Nolan is that he understands that the story begins before the movie does. He's already telling the story that he's got cooked up. He's a
