

Now that's more like it! The second season of The Walking Dead has been a little hit and miss, but the action packed finale really delivered. Of course, that's not to say it has been a bad season overall. Admittedly, the search for Sophia dragged on for far too long and there were one too many episodes where the cast did little more than stand around talking but there's been more good moments than bad. In "Beside the Dying Fire" the group of survivors found themselves facing off against a massive herd of walkers. The opening revealed just how the undead came to arrive on the farm and the addition of the helicopter which Rick first spotted in the pilot was a nice touch (the first few scenes were also useful in explaining why a single gunshot would attract such a large herd after the gang had spent weeks using their
