

Last week, Warner Bros. were kind enough to send us a copy of the Harry Potter Wizard's Collection. In the seven days I was lucky enough to be able to hold on to the box set, I had plenty of time to properly examine every single nook and cranny of it. Despite the fairly lofty price (around £180 in the UK and \$350 in the US depending on where you look), I have no doubt that it is a truly essential purchase for any fan of the franchise and the content included within definitely justifies the price tag. We'll get to the films and special features a little later this week, but for now, I wanted to share with you my thoughts on the set itself and all the fantastic collectibles contained within. As you can see from the photos below, the Harry Potter Wizard's Collection unfolds in just a few
