

Set a decade or so after Clash of the Titans, the widowed Perseus finds himself once again living the simple life of a fisherman with his son Helius. Meanwhile, Hades has a plan to bring back the evil Kronos, his and Zeus' father, in a bid to keep hold of his immortality. This results in Zeus seeking out Perseus for his help as the lack of faith in the Gods means that they no longer have the power to face a threat such as this one by themselves. After a few minor twists and turns, it's basically a case of getting them from point A to point B with a handful of battles in-between. Along the way, we are also introduced to a few new characters, as well as once again meeting Andromeda (who is far more battle hardened than when we last saw her). The script is far from groundbreaking,
