

Transcribed from the latest issue of Empire magazine, courtesy of SuperSAINT, the head of Marvel Studios, Kevin Feige, briefly discussed next summer's highly-anticipated film, The Avengers. Commenting on the Joss Whedon-written storyline and potential "leaders" of the film, if any, check out the interesting tidbits below. "What people seem to have taken away so far is not just the new characters or costumes, which are cool. but the character interaction" "It's a storyline that allows each of the characters to bring something to it - they all bring something to the party from their knowledge base" "As any fan of the Marvel team up knows, what happens when Marvel heroes team up? - They fight each other, then they fight together. We did not shy away from that direction" "The best Avengers comics are when no-one is the leader. Joss has done a great job of making this a true ensemble picture - Loki and
