

Continuing promotional rounds for Marvel's The Avengers flick, now one-on-one with Comic Book Resources, Marvel Studios president of production Kevin Feige discusses the superhero assembly in more detail than ever. Weighing in on comparisons to Warner Bros and DC Entertainment's Batman finale, The Dark Knight Rises, Feige also discusses Loki's army, the anticipated end-credits teaser and the "key" to the studios' success. "I haven't seen 'Dark Knight Rises.' [Christopher] Nolan's tone is very specific and is pretty awesome, and we're very different. I think that while we have, particularly in 'Avengers,' very serious moments and [it] is as dark and serious as the moments in any of our films, there's a sense of humor that goes along with it that Joss is an expert at and that we believe very strongly that Jon Favreau really helped define in the 'Iron Man' films, that allows, we believe, the audience to
