

Ever since Disney bought Marvel Studios, the chances of the studio tackling Tony Stark's alcoholism have seemed slim. He got drunk in 2010's Iron Man 2, but that's about as close as we've come to seeing "Demon in a Bottle" on the big screen. When Empire Magazine quizzed Kevin Feige on the chances of seeing this issue tackled in Shane Black's upcoming threequel, he said: "He's not an alcoholic in the movies. Maybe one day that's a deeper story, but we're not going to do it unless we can make it a full-focused plot." As for what we should expect from the movie, he promised that while it may not match the sheer scale of The Avengers, it WILL be the best of the trilogy. "It's a fool's errand to continue to try to top spectacle. We don't equate bigger with better. It's Tony's most personal journey since he was trapped
