

A mysterious Instagram account has launched for Logan under the name, @wponx. Does that confirm that the villainous organisation will factor into the movie? Possibly, but for now, we have a brand new black and white image to enjoy following the release of one showing the screenplay and another featuring Patrick Stewart's Professor X. It's a good job it isn't in colour too as it looks pretty bloody!

8 Great Comic Book Characters Who Were Completely Wasted In Fox's Marvel Movies

As you can see for yourselves, a severed arm is all that's been left behind after what I'm guessing might have been one of Wolverine's trademark beserker rages. Logan will be the first film featuring the character to have an R-Rating, hence why we can expect some more extreme violence in the highly anticipated release. With any luck, more photos like this will follow before the first trailer lands.
