

Speaking with Collider while promoting Underworld Awakening, director Len Wiseman updates the status on his upcoming remake of Total Recall, a sci-fi film released in 1990 and based off of a Philip K. Dick novel. Wiseman talks about the editing process for his film, saying that the director's cut is about two hours long (but isn't completely assembled yet). He also reveals that we can expect the first trailer for the film to be released in March, saying that he's seen it and it was 'great'. In addition, Wiseman talks about what he thinks fanboys are most excited to see in the movie. Do you know when we'll see the first trailer for Total Recall? I've seen it, and it's great. I believe it will hit in March. I could be wrong, but I think March. Where are you at now in the editing process? I am two days away from
