

Cosmicbooknews are citing sources close to the production of Superman: Man Of Steel who have informed them that Lindsey Lohan is in the running for the role of Clark Kent's young love interest Lana Lang... I've been told Lohan is up for the role of Lana Lang; that she will be a popular girl in high school who doesn't give Clark the time of day. While Clark can't really show Lana who he really is (a super man), she eventually discovers for herself when sees Clark do a rescue. And that's all I have been told about Lohan. The Lohan rumor just won't go away, and like I have said in the past I have it on pretty good authority that it isn't just a rumor, Lindsey Loghan IS involved and has been in talks in some form or another with Zack Snyder's Superman reboot...probably! At any rate, if Lana is the role she
