a lot of buildup, the first trailer for James Mangold's Logan was released earlier today. Set to the  
powerful strains of Johnny Cash's cover of "Hurt", we were presented with a bleak  
vision of the future in which mutants are scarce, and Wolverine has definitely seen better days.  
It's pretty grim stuff overall, but there are also glimmers of hope, as the former X-Man takes on  
the role of protector to a very special young girl. Below, you'll find a breakdown of 8 of the  
major talking points raised in the teaser, along with a healthy dose
