

Logan Lerman talked with SPINOFFONLINE at this years WonderCon. The young star had plenty to say about his upcoming stint in Paul W.S. Anderson's The Three Musketeers. He made it clear that this telling of the classic tale will be a little more "high tech" than other versions. "Everybody's asking, 'What's different about this Musketeers film that's different than all of the other Musketeers films that have been made?' It's a more contemporary version, it's the untold chapter where the Musketeers are weaponry experts." "They're kind of looked at as being the James Bonds of their times, with gadgets and gizmos and fun things, instead of just sword fighting. It makes for a lot of fun, and a whole different ... twist to the other Musketeers films." "There's ... a lot of cool stuff [that] I can't even give a name. A lot of stuff you haven't seen before. It's going to blow people
