

Previously, I took a look at the failed attempt at a 2005 Sandman movie from Warner Bros. In the eighth installment of Looking Back, we'll be examining a character that was absolutely dominating DC Comics during the '90s. Who you ask? I'm talking about the Main Man of course! For this latest installment of Looking Back, we don't have to actually travel too far back in time as we look at Warner Bros. planned big screen adaption of the Main Man, Lobo. While the movie was in development for nearly a decade, it suddenly picked up traction in 2009 with the announcement that Guy Ritchie would be following up Sherlock Holmes with Lobo. In September 2009, Warner Bros. announced that Guy Ritchie would direct a live-action adaptation featuring the comic book character, replacing Doug Liman (The Bourne Identity, Mr. & Mrs. Smith, Jumper) who had been attached previously. The script
