With great courtesy of SpiderMedia's 'ReallIronMan', the folks over at Les Toiles Héroïques (French) have posted scanned images for Marvel's Captain America: The First Avenger Movie, from Première magazine. The images consisting of something much-awaited, including a low-res shot of actor Sebastian Stan as Bucky, a misty new look at Hugo Weaving in the pre-disfigurement form of Red Skull, and new a look at HYDRA soldiers. Also included are quotes from Marvel Pres. Kevin Feige, you can see Here. Click the images to Enlarge Three unpublished photographs: Bucky Barnes, Soldiers of the Hydra, & the Skull Before Disfigurement history. While High-quality versions of these stills aren't guaranteed, a one-sheet poster Friday & Tv spot during the 45th annual Super Bowl, Sunday, February 6, is. And Captain America: The First Avenger hits theaters July 22, in 3D!
