

Apologies for how pixelated the images are, I guess these guys were quite a distance away when snapping these pics. Still, we can make out enough to see what appears to be Faora and a similarly black suited character in the background, standing on what will apparently be their Kryptonian spacecraft in the final film. Lousy quality images though they may be, they certainly seem to support the recent set report posted by Nuke The Fridge which dealt with Earth's military meeting with Zod's forces to strike some kind of deal. Apparently Faora demands that Lois Lane accompany her to meet Zod, Superman and Colonel Hardy object, Lois then agrees to go peacefully. Anyway, it's nothing too exciting but might keep us going until some more - long overdue - official Man Of Steel news comes our way. Zack Snyder's reboot stars Henry Cavill, Michael Shannon, Amy Adams, Kevin Costner, Russell
