

The final instalment in Christopher Nolan's acclaimed Batman trilogy, *The Dark Knight Rises*, has been out for years at this stage, but the scene in which Marion Cotillard's Talia al Ghul succumbs to her injuries following a devastating crash is still something fans regularly bring up as a source of ridicule. Though the actress had been great in the role up to that point, there's no denying that Talia's death could have been depicted a little less... awkwardly. So what went wrong? In a new interview (translated from French site Allocine), Cotillard speaks for the first time about this, and although she believes people overreacted, she does also seem to suggest that perhaps Nolan should have used a different take! "We're all in the same boat, and if sometimes it gets out of control, then everyone is involved. Sometimes there are failures, and when you see this on screen, you're thinking: 'Why? Why did they keep that take?' But either you blame everyone or nobody.
