+Starring: Daniel Craig, Harrison Ford, and Olivia Wilde +Budget: \$163M +Excerpts:" Robert Downey Jr. was originally cast in the lead role." "Olivia Wilde is stunning as the mysterious Ella." "Blame lies with my #1 complaint with this movie, the dialogue." "This movie has about as much comedy as a bowl of mixed vegetables. With a title like Cowboys & Aliens you can't possibly take yourself too seriously, yet that's precisely what this movie does." "There's enough here to enjoy the movie at a weekend matinee." Cowboys & Aliens is an upcoming 2011 American science fiction Western film starring Daniel Craig, Harrison Ford, and Olivia Wilde. The film, directed by Jon Favreau, is based on the 2006 graphic novel of the same name created by Scott Mitchell Rosenberg. Cowboys & Aliens is scheduled to be released in the United States
