

Talking to New Empress Magazine, Mark Millar has offered yet another enthusiastic update about the big screen adaptation of Kick-Ass 2. We've known for a while now that work was progressing on the sequel, although it sounds as if it's now closer to becoming a reality than ever before. "I literally just got a hard copy of the screenplay delivered this morning. What can I tell you that nobody knows? Actually, not a lot if you'd read the book because it's a very close adaptation. I can tell you that Chloe's a lot taller. Her brother's about 6'5 or something so I'm hoping she stops growing soon as we're planning a third one too." Meanwhile, in a live chat over on the Millarworld Forums, the comic book writer confirmed that pre-production has already begun and that we should expect an announcement very, very soon. "Kick-ass 2 films this Summer. I expect there
