

LA HeroComplexes Jevon Phillips got a chance to talk Kick-Ass co-creator, Mark Millar. Discussing the recently released follow-up to Dave Lizewski adventures, the writer updates on the planned movie sequel. JP: So now, the "Kick-Ass 2" miniseries is on shelves. Can you give us an overview? MM:" Sure. "Kick-Ass 2" picks up immediately after the credits of the first movie, and we see that Red Mist has turned his back on being an amateur superhero and wants to become the world's first supervillain. At the same time, we take the "Kick-Ass" idea to the next level to where all the amateur superheroes out there in New York start to form a gang and, essentially, a real-life version of the Justice League or the Avengers. It's a very ground-level view of what a super-team would be like, their headquarters below a pub and these guys all having collections every week to pay for coffee
