

One of the main mysteries for fans when it comes to Marvel's The Avengers has always been whether we would see a Hulk who was out of control, and a threat to the public and his teammates. A few things have since been cleared up and from what we now know the not so jolly green giant will pretty much be a team player. Or will he? It's clear he will ultimately fight with the team in the end, but Mark Ruffalo confirms that he will definitely still be a reluctant addition, and cause a few problems along the way! Ruffalo says Banner is a reluctant part of the team, and said his metamorphosis is as painful to the character as an addiction problem – even if he can sometimes be used for good. “The rage is something that is like going on a binger — you wake up after a blackout
