

Source: The Hachette Marvel catalogue via Bleeding Cool You can take a look at what's coming down the pipeline for Marvel in the Hachette Marvel catalogue preview [courtesy of Bleeding Cool] of May thru August. One interesting trade in the catalogue is the adaptation of the upcoming Amazing Spider-Man movie. Specifically, there will apparently be a book that collects Amazing Spider-Man: The Movie #1-4 into a single volume. As of right now, no creative team has been announced on the project but I'd expect that Marvel will definitely be bringing out one of their top guns for both the writing and art. Feel free to flip through the catalogue yourself and see if any of Marvel's books pique your interest.. Open publication - Free publishing Some burning questions I want to know is who will have art duties on the title and when will we be getting these
