

It was thought that Marvel might consider squeezing Ant-Man in between Captain America: The Winter Soldier and Guardians of the Galaxy in 2014, but it has now been confirmed that the film will finally hit theatres on November 6th, 2015. It's worth noting that this is AFTER the release of Joss Whedon's Untitled Avengers Sequel, so whether the character will be introduced in that film beforehand remains to be seen. The studio also confirmed (somewhat predictably) that both Iron Man 3 and Thor: The Dark World will be released in 3D. Marvel's ANT-MAN will infest theaters on 11/6/15.— Exhibitor Relations (@ERCboxoffice) October 15, 2012 Marvel's IRON MAN 3 & THOR 2 will be released in 3D. No word yet on CAP'N AMERICA 2, GUARDIANS OF THE GALAXY, or ANT-MAN.— Exhibitor Relations (@ERCboxoffice) October 15, 2012
