

On Finding The Right Actors For Professor Xavier And Magneto: He was top of my list. When we talked about who could play Professor X, I thought McAvoy was perfect. So I sat with him. Then I think he got pretty annoyed at me, because I made him audition with every single actor who came in for Magneto, because if we were going to do the Butch Cassidy, Sundance Kid thing of chemistry, I think it's really, really important that you see that chemistry beforehand. The poor guy, I was wheeling him in every day saying, 'you've got to read with this actor, or this other actor', and then when Michael came in, after twenty seconds of the two of them together I was like, 'OK, I've found [Magneto]'. On What He Thinks Of 3D And Why This Movie Wasn't Converted: I'm sure if we'd had more time they might have brought it up.
