

Sony Pictures made the announcement that Men In Black 3 will be released in IMAX theaters as well and making its regular theatrical debut. According to Movieweb Agent J and Agent K will be policing Earth for alien scum with the same release date on IMAX as the theatrical release of May, 25 2012. From MovieWeb: IMAX Corporation and Sony Pictures Entertainment today announced that the action comedy Men in Black III will be released to IMAX theatres simultaneously with the film's worldwide release on May 25, 2012. Directed by Barry Sonnenfeld, Men in Black III is the first in the franchise to be released in IMAX. President of Worldwide Distribution for Sony Pictures Releasing Roy Bruer shared his enthusiasm with the announcement saying, "Releasing a film in IMAX 3D signals an event release, and Men in Black III on Memorial Day weekend certainly qualifies in a big way. We couldn't be more excited
