

Still can't decide whether or not you want to see Men in Black 3 next week? Well, you may want to hold off on making a decision until the rest of the reviews start coming in, but we do have a handful for you to check out here after the threequel was screened in the UK earlier this week. While one or two aren't that favourable, the general consensus so far seems to be that it's a film well worth checking out. Have a read of the excerpts below and be sure to click on the various links for the full-length versions. Men in Black 3 avoids the threequel curse of the likes of Spider-Man 3 and X-Men: The Last Stand and instead ends up being the best film in the Men in Black franchise. Fantastic fun which will leave you wanting more. **** Source: ComicBookMovie.com [Josh Wilding] The feted Apollo 11 mission to
