

Fox has released a new poster for Assassin's Creed which puts the spotlight on the past and present as the Assassins leap into action against the villainous Templars. The film picks up with Callum Lynch in the present after he discovers he's a descendant of the secret Assassins society through unlocked memories that allow him to relive the adventures of his ancestor, Aguilar, in 15th Century Spain. After gaining incredible knowledge and skills he's poised to take on the oppressive Knights Templar in the present day. Set in the same world as the game, but just how closely tied to them it will be remains to be seen.
