

Michael Jai White is no stranger to comic books and comic book movies. He played the title role of Spawn in the forgettable movie version and had a brief cameo as Gambol in The Dark Knight. The actor has also expressed interest in directing and acting in a Black Panther movie for Marvel. But the one character than most fans think White would be perfect for is Power Man himself; Luke Cage. In the following interview with CBR White responds to the question: "Are you aware that you are Luke Cage and Marvel just doesn't know it yet".. He says he is aware of the fan demand for him to play the role and would be interested as long as it was done right and didn't "suck". He then goes on to discuss Black Dynamite , Spawn and working with Todd McFarlane. Of course we have all heard of Marvel's plans for
