

The first season of HBO's Game Of Thrones opened with a glimpse of "The White Walkers", and closed with a trio of newly hatched Dragons. But had you just switched on to the show anywhere in between, you would be forgiven for thinking you were watching a standard medieval drama series. Because although the story is set in the mythical land of Westeros and is very much part of the Fantasy genre, aside from those elements I mentioned we don't really see many magical or supernatural goings on in the first season. Well, we most certainly do in season two. In this video interview from Dorkshelf.com, Michelle Fairley speaks about how the climate of the show is going to shift as bit and move more into the realm of high fantasy. She also offers some very interesting insights into Cat Stark and the characters around her. If you don't want to
