If it all pans out, Kelly's going to be playing the Angel's girl Marisa, a former U.S. Marines weapons expert who is heavily trained in hand-to-hand combat, also a neat freak too and could have an ambiguous sexual preference. Taylor is playing young Abby that's pretty sneaky and her dad's a Wall Street criminal. Annie Ilonze (General Hospital) has already been cast to form the all new super trio. LEEE777 - Charlie's Angels will be airing on ABC. Go Angels, go!
