

Following last month's release of their 2XLP soundtrack to Marvel and Netflix's Luke Cage, Mondo has announced they will be debuting the official vinyl soundtrack LP's for the critically acclaimed Daredevil and Jessica Jones. "We are so proud to continue the series of Marvel soundtracks with Daredevil and Jessica Jones," said Mondo Record Label Manager Mo Shafeek. "It's extremely exciting to see each character come to life and with each new soundtrack it feels like we are building something bigger along the way, just like the characters in the shows are coming together for a larger purpose." Both albums go on sale on Wednesday, November 9 at 12PM CST at MondoTees.com. Check out more details and official artwork by Matthew Woodson (which you can download here) below!
