

Following earlier tidbits of info regarding on-location shooting for Marvel's forthcoming film, The Avengers in Cleveland, Ohio, a brief press conference was held earlier this morning. Revealing the setting in the film for the filming location among other things, along with a few none-revealing images, check it all out below. CLEVELAND, Ohio -- Store by store, workers this week are transforming East Ninth Street into a stand-in for New York City's famed 42nd Street as the stars of "The Avengers" movie finish filming at the NASA Plum Brook facility in Sandusky. If you want to see the changes look fast because the street will be blown up in climactic battle scenes over the next four weeks. The stars of the movie -- including Robert Downey Jr. (Iron Man); Chris Hemsworth (Thor); Chris Evans (Captain America); Samuel L. Jackson (Nick Fury) and Scarlett Johansson (Black Widow) -- and the rest will be in Cleveland for
