

First up is Xaro Xhoan Daxos. In the books he is a representative of Quarth who offers Dany advice on who she can trust and who she should bribe on her arrival to the city. He will be played by British actor Nonso Anozie, who also has a role in Conan The Barbarian with Jason Momoa(Khal Drogo). Fans of the book might remember that the Quartheen are described as having skin as "pale as milk". Obviously Anozie's casting means that the show-runners are going a different direction with that. And then we have what would appear to be the very small role(unless the character has been beefed up from the book) of Davos Seaworth's son Matthos. He will be played by young unknown Northern Irish actor Kerr Logan. By TwitterButtons.com
