

We have already heard from the likes of Tim Burton (Director - Batman, Batman Returns), Zack Snyder (Director - Watchmen, Man Of Steel), David Koepp (Writer - Jurassic Park, Spider-Man), Drew Goddard (Director - The Cabin In The Woods), and Rupert Wyatt (Director - Rise Of The Planet Of The Apes). But to celebrate the realese of The Dark Knight Rises, Empire have gathered together quotes from quite a few more Hollywood directors, writers, and producers to give their takes on Christopher Nolan's Batman movies - in particular The Dark Knight, which of course leads directly into this upcoming threequel. Adam McKay (Director - Anchorman) "The Dark Knight is the best superhero movie ever made. I've seen others that try to get all real, and they strip away the fun and the mythology. And then I've seen movies that go too far towards the cartoon aspect. But Nolan, with mathematical precision, blended
