

Thanks to The Film Stage we have these scans from ET, revealing Jennifer Lawrence in full costume as Katniss Everdeen in the upcoming adap of the sci-fi novel The Hunger games  
Katniss' Costume: When it comes to the dazzling attire Katniss will wear when she's interviewed in front of the Capital audience, Lawrence couldn't care less. But she was plenty vocal on the subject of her arena outfit – the survivalist-style clothing (seen here) that she wears while fighting for her life. "I'm going to be doing a lot of my own stunts," says Lawrence. "I want to make sure I can run and jump and climb. I've been driving [the costume designer] crazy with the boots: 'You have to fix this here, you have to make it lighter here, you have to open it up here.' The dresses I don't care about them. Just put them on me. It's like Oscar
